

Exploring compiling methodolines of Chinaâ€™s SUT Accounts

Topic: SUT compilation: experiences from NSOs

Author: Huaju LI

Co-Authors: lihua dong

The Bureau of statistics of China (NBS) have conducted Input-Output survey and compiled I-O tables each 5 year since 1987. In order to improve the coherency and consistency of the National Accounts to use supply and use tables as an accounting framework, NBS plan to compile SUTS in 2019. This paper consists of three sections. The first section gives a brief introduction of input-output accounts in China, the second section describes the supply-use framework. The third section discuss the data resources and methodology will be used to develop supply-use tables in China.
