Phone: +49 (0)541 40933-210

### IO Workshop goes Maastricht

The aim of the workshop is to bring together scientists and practitioners in the field of input-output research and to provide a platform for sharing experiences and research methods in the area of input-output analysis.

Topics to be discussed during the workshop could encompass the production of (inter)national and regional input-output tables, the development of input-output models or applications of input-output analysis to specific fields of interest.

Contributions to the following research areas are welcome:

- Construction of databases
- Structural analysis
- Scenario analysis
- Evaluation

Other topics and suggestions for Special Sessions are welcome.

### Participation

Please hand in your abstract (max. ½ page in PDF format) until  
**December 31<sup>st</sup>, 2025** to [io-workshop@gws-os.com](mailto:io-workshop@gws-os.com).

Participants without presentation are welcome.

### Organisation

Anke Mönnig (GWS)  
Tobias Kronenberg (Bochum University of Applied Sciences)  
Karsten Mau (Maastricht University)  
Oscar Lemmers (Hasselt University, Statistics Netherlands)

This workshop is kindly supported by the Dutch Research Council (NWO) under grant number 406.XS.25.01.030.
