IO Workshop back in Bochum

The aim of the workshop is to bring together scientists and practitioners in the field of input-output research and to provide a platform for sharing experiences and research methods in the area of input-output analysis.

Topics to be discussed during the workshop could encompass the production of (inter)national and regional input-output tables, the development of input-output models or applications of input-output analysis to specific fields of interest.

Contributions to the following research areas are welcome:

- Construction of databases
- Structural analysis
- Scenario analysis
- Evaluation

Other topics and suggestions for Special Sessions are welcome.

Participation

Please hand in your abstract (max. ½ page in PDF format) until
November 30th, 2026 to io-workshop@gws-os.com.

Participants without presentation are welcome.

Organisation

Anke Mönnig (GWS)
Tobias Kronenberg (Bochum University of Applied Sciences)
Stephan Sommer (Bochum University of Applied Science)
Andreas Löschel (Ruhr University Bochum)
